EXPERIENCE

BetterCloud

Customer Engineer

New York City, NY (Remote)

August 2022 - Present

- Developed integrations between third-party applications and BetterCloud software using Node.js, automating onboarding and offboarding processes for employees.
- Implemented internal automation processes to streamline integration development across multiple teams and stakeholders.
- Successfully deployed custom integrations and automation workflows in multiple client's BetterCloud accounts, enhancing zero-touch onboarding and offboarding capabilities.

ClickUp

Senior Technical Support Specialist

Technical Support Specialist

San Diego, CA (Remote)

October 2021 - August 2022

June 2021 - September 2021

- Utilized Node.js to create internal automations, resulting in hundreds of hours saved annually in labor.
- Assisted clients in setting up systems using ClickUp's webhooks and APIs, ensuring smooth integration and usage.
- Diagnosed and reported numerous bugs within ClickUp software, collaborating with developers to resolve issues effectively.
- Provided comprehensive technical support to customers, guiding them through issue resolution processes and ensuring customer satisfaction.

EDUCATION

University of Utah - Certificate, Full Stack Web Development, A+

Java Programming Masterclass - Udemy

November 2020 - May 2021

June 2023 - Ongoing
